

Join Your Clinician Peers for the Latest Digital CME/CE on Pri-Med.com

Pri-Med's digital education platform continues to be a timely, trusted resource for primary care clinicians across the U.S. Pri-Med.com features a curated library of [400+ CME/CE activities across 35 therapeutic areas](#), allowing clinicians to learn in the safest way possible — virtually. Delivered by the same expert clinician educators who appear at Pri-Med conferences, digital activities focus on the current topics that matter most to you and your patients, including:

Recent Activities

COVID-19 CME & Resources, which includes the most recent information about care recommendations, mental health, vaccines, and testing

PrimaryCareNOW
A Pri-Med Virtual Conference

PrimaryCareNOW, a virtual conference with sessions that span diverse therapeutic areas, during which clinicians can earn free CME/CE credits

PrimaryCare Pulse)))

Primary Care Pulse, Pri-Med's weekly web series featuring live conversations about timely topics and concerns facing primary care clinicians, including how to address healthcare disparities

Frankly Speaking About Family Medicine, a CME podcast series with Frank Domino, MD, featuring interviews with practicing clinicians about practice-changing clinical research and patient-focused best practices

Interactive Formats to Suit Your Learning Style and Busy Schedule
